

LEGISLATIVE SUMMIT

MARCH 13

California Chamber of Commerce | 9:30am–5:00pm

The Sutter Club | Reception: 5:00pm–7:00pm

The Sacramento Metro Chamber's annual State Legislative Summit supports our ongoing advocacy efforts at the local, state and federal levels to support a business-friendly economic climate. Issues at the State Capitol significantly influence our economy and are a vital component to the Metro Chamber's mission to support the economic success of our members and to grow and retain businesses.

Join us as we hear directly from state elected officials on priorities for the legislative session and work to advance specific issue areas that support our regional economy.

PANEL DISCUSSION: HAVE HOUSING COSTS REACHED A TIPPING POINT?

As Californians, we are all feeling the impact of the skyrocketing prices of housing in our State. The median price of a home in California is now \$524,000, and with every \$1,000 increase in price, there are 15,000 buyers priced out of the market. This adversely affects our local communities by pushing more residents into housing insecurity.
